For The whole Night
She been in my eyes
and she look good
I wanna beat tonight
I wanna cuff her
Give that babe life
Her man just left
I know my style right
Computer Love
She just my type
Kiss me thru the phone
Hit me on Kyte
Say she from the hood
She screaming inglewood
Her friend saying Compton
You know we all good
Hit the oak town
You know its going down
On the freeway
Speed and Roll out
Like don't you worry bout your man
cause oh i ain't the same
I like her
She like me too
I brought her down to broward
Like what they do
Holla at the dj
on the 1's and 2's
Then we back on the plane
in my Ray Ban shades
Some times you just make smile
So why don't you just hold me down

{Chorus} Hey there Ms California
I really wanna know your name
I've been watching you from across the room
And i see you doing the same
Why don't you just wave and smile and roll with me
Why don't you just wave and smile and roll with me

Grab The blackberry
Seen the memo

Its Sasha from Sacramento

Say she wanna go up to San francisco
Then go to Morrow Bay
I'm like how bout tomorrow
Im up in the condo
counting my cash today
Cause i Hustle
I hustle
I hustle
I hustle
I gotta be the greatest Like I'm 2-3
I know you the bomb
cause girl you blew me
Like tic toc
your body just rock
I know you ain't chicken
Hop on my cock
Say you wanna ride
Hop in the Double RR
And you gotta worry
Girl we can go far
Like i can take you anywhere that you wanna be

{Bridge} I want you
Ms California
I see you
Ms California
Nice to meet you
I want you
Ms California
Come My way
My way
My way
My way

I see you
Ms California
Nice To Meet you
Ms California
Come My way
My way
My way
My way

{Chorus} Hey there Ms California
I really wanna know your name
I've been watching you from across the room
And i see you doing the same
Why don't you just wave and smile and roll with me
Why don't you just wave and smile and roll with me
