Verse 1

She see me in them tight crisp jeans

but she don't know i had a low self esteem

Now I'm with the team

on the scene we chase cream

The hustle

got me stuck like Nicotine

In Different cities

Rocking for big cheese

Go hard

I dream for Big things

Bugz tied me down

Told me grind for the crown

Put the game on my back

Now I'm standing on the mound

My background

filled with black grounds

New Coupe

unless she got money on a Buffalo deal
Life without money is so unreal
So i hustle and grind in the

Some say I'm weird
I know I'm good

They love me in the hood
Go Burna
They shout from the stands
Only Real words
I speak from the gland
My past made me a man
and if i had to
I live it again
Just to show

From start to the end
Im hustling
