My life's like a movie

There's countless directors and screenwriters and I
had only said one line

But they already added 800 different tones,
manipulating my emotions

It was not what I had meant, but they are only keen on
pleasing the audience

To fulfill their goal of getting higher viewership

I don't know if I have the courage to remove their
masks

I just know that the serious men are the most attractive

Should I carry on acting till they are satisfied?

lalalalala lalalalalala lalalala
Oh Oh I can never turn back

lalalalala lalalalalala lalalala
Oh Oh I can only march on

While I was on my way home, I saw the road sign
pointing to Showbiz

If I choose to walk on, I would have to be strong

As I was walking, a few dogs rushed out from nowhere

I thought to myself when did I adopt so many dogs

These dogs, with apples in their mouths, cameras in
their hand

They appeared to be trying to cluing me on their plot

These talking dogs, they say it's for

To photograph me in exchange for a more few bones
If it's in your nature to hurt me
Then, it's in me to forgive you (dog dog dog dog)

If you ever need me to light your way home
I will give you all flashlights (dog dog dog dog)

I told them, rumours will pass

News are only temporary, but life is permanent

Music will be handed down, and so I wrote them a song

because I've never written songs about animal
protection

I'm still me, nobody can change me

Although I know of a lot of archers, trying to shoot me
down

But when I reached the summit, no one can hurt me
anymore

To this archers: I feel sorry for your futile efforts

I'll still treat you as my friends

Because I know this is your job

Work harder, you apple-biting dogs. Although you may
not be my match,

You still can be my dog

lalalalala lalalalalala lalalala
Oh Oh I can never turn back

lalalalala lalalalalala lalalala
Oh Oh I can only march on

(Korean Rap translated to Chinese)

Why? Why follow me wherever I go?

These bartering of others' personal secrets

These pressures are unnecessary

Before this song's end, I'd have come to a decision

From losing my privacy to being vexed over my family
being disturbed

All this will end, because you'll never find what you
wanted

lalalalala lalalalalala lalalala
Oh Oh I can never turn back

lalalalala lalalalalala lalalala
Oh Oh I can only march on

Scared that there's no more news, that's why you learnt
driving to stalk people

Oh Oh what for? Oh Oh for the bones.

You spied on others' lives, thinking that you are
detectives, watched too much Detective Conan(Anime
Character)

Oh Oh what have you shot? Oh Oh, You have nothing
