I want to drink from Your sweet, sweet waters  
And eat from Your Holy table  
I want to know of Your mighty power  
Because You my Lord You are able

To let me hear Your still small voice  
To let me feel Your warm embrace  
To give Your grace and love for free  
Let me hear Your still small voice  
Let me feel Your warm embrace  
Let me know You are good  
I want to taste and see

You are good, oh Lord  
You are good  
You are good, oh Lord  
You are good
