(Jay Dee)

Uggh, uggh, yea this is for all my street niggas, Feel it

Bounce, survival of the fittest they out here to get us
yall

What you gon do, what you gon do?

(Chorus)

Clap on, clap off, clap on, clap off

Never take your muthafuckin strap off

Keep the safety on but don't take it off

(Jay Dee)

Where I'm from, niggas be waiting to break you off

They'll see you out in the streets and they peepin you
out

Let em catch you slippin and end up with a piece in yo
mouth

It ain't over cause they got the keys to your house

Your weed and your car bout to spend your G's at the
bar

Fuck that!! I know betta you cant floss round niggas
with no cheddar

See these niggas with no cheese they hungry for real

They hunting to kill and will give you something to fill up
in the field

7 mile and Ryan niggas dyin, tryin to pump gas and got
pumped in the Ass

Shittt betta get something to blast back at them some,
this happen huhh

(Bridge)

Clap on, clap off,

Clap on, Clap off,

Never take your muthafuckin strap off

Keep the safety on but don't take it off

(Blu)

Cant afford to slip, nothin but clips up in my nine

Cause know days and times it ain't to good on the
grind

Niggas pockets like ouch, fell off in the drought

Got snot nose nappy headed kids on the couch

Times running out rents due, so what he do?

Grab the twenty two and try to stick it to you

But no not Blu I pack more than a double duece

When you see me roll thru 100 spokes on the coupe

I'm heated not to be cheated fuck around and get yo
face deleted

I'm waitin on ah broke nigga hatin'take a toke when I'm
blazin

Till your head start achin'ain't no praise to god,

straight penetratin' funeral in the makin

Keep my eyes on the streets like street lights

Nigga think I'm lyin' try to creap fuck around and get 3

strikes

(Jay Dee)

You outta there, y'all niggas know y'all outta there

Yea come on with the real if y'all niggas fakin the funk

Yall know y'all outta there, come wit it, get live with it
