Staring at this photograph,  
You and me in '93.  
It don't seem that long ago.  
That was back when u were still mine.  
I wish I could turn back time.  
Hold you close and never let you go.  
But the days go by.  
Take me further away  
From the way that it was in the good ol' days.  
And I know that I'll never feel the way again.  
I let your love slip right through my hands.  
Promises get broken and dreams get swept away.  
I'd give anything to have you one more day.

Dark room, I'm all alone.  
Cold drink in my hand.  
Thinkin 'bout the ways I did you wrong.  
All the things I that I would change  
If I could do it all again.  
I can't fit in where I really don't belong.  
But the days go by.  
Take me further away  
From the way that it was in the good ol' days.  
And I know that I'll never feel that way again.  
I let your love slip right through my hands.  
Promises get broken and dreams get swept away.  
I'd give anything to have you one more day.

But the days go by.  
Take me further away  
From the way that it was in the good ol' days.  
I know that I'll never feel that way again.  
I let your love slip right through my hands.  
Promises get broken and dreams get swept away.  
I'd give anything to have you one more day.
