She said, "It's over"
She said, "I want you no more"
Over your shoulder
And out through the door

She's turning colder
And I'm growing unsure
Nobody told her
I've been through this before

Ever since the day
You said these words to me
I've had a hard time
Thinking logically

All I asked was
"Why can't you please explain
For whatever reason
You left me in this pain?"

She said, "It's over"
She said, "I want you no more"
Over your shoulder
And out through the door

She's turning colder
And I'm growing unsure
Nobody told her
I've been through this before

"I just can't stand you anymore"
She said to me
I really did appreciate
Her honesty

But even though it's not
My habit to intrude
I'm gonna find out
Who's sleeping next to you

She said, "It's over"
She said, "I want you no more"

And ever since the day
You said these words to me
I've had a hard time
Thinking logically

All I asked was
"Why can't you please explain
For whatever reason
You left me in this pain?"

She said, "It's over"
She said, "I want you no more"
Over your shoulder
And out through the door

She's turning colder
And I'm growing unsure
Nobody told her
I've been through this before

She said, "It's over"
She said, "I want you no more"
