Please come on over
I wanna be sincere
Can't keep it to myself anymore
Oh please forgive me
For what you'll have to hear
I'm gonna tell you something
You should know
Where would you go
If somebody hurts you
Would you come to me
Even if it was me
I leave you
And this time it's forever
Please would you calm down
I don't wanna be cruel
How could I have prepared you
For thr truth
And pelase remember
If it's a shock to you
Let's act as grown-ups
Are supposed to do
Where would you go
If somebody hurts you
Would you come to me
Even if it was me
I leave you
And this time it's forever
