Far away, once so close  
But now you're far away  
You're still here with me  
But not like yesterday, so far

Far away, here you breathe  
But you're so far away  
Once so colorful  
But now all turns to gray, so far

It's oh, so strange  
When centimeters feels like miles  
Seconds like hours  
Now it's true love has died  
No more roads left to try, far away

Far away, long ago  
When love was here to stay  
Now it's gone  
It doesn't matter what we say, so far

It's oh, so strange  
When centimeters feels like miles  
Seconds like hours  
Now it's true love has died  
No more roads left to try, far away

It's oh, so strange  
When centimeters feels like miles  
Seconds like hours  
Now it's true love has died  
No more roads left to try, far away

Now every word is like a knife  
But the silence cuts you twice

Far away, once so close  
But now you're far away  
You're still here with me  
But not like yesterday, so far

So far, so far

Far away  
So far away
