There she walks
Acts like she doesn't see me
She goes by the name
Peculiar

No one
Cannot understand her methods
For me she's the same
Peculiar

Peculiar
You seem to know my secrets
Peculiar
You don't even know my name

I take your hand
And I keep on wandering
You give me support
Peculiar

Bring books
Let's spend the night together
It's snowing again
Peculiar

Peculiar
You seem to know my secrets
Peculiar
You don't even know my name

Peculiar
You seem to know my secrets
Peculiar
You don't even know my name
