"Time Won't Heal"

Visit "[Time Won't Heal](#)" on MotoLyrics.com

Time will never heal
What was here in my heart
Time will never heal
What was here in my heart
Was scattered in the wind
Many years ago
Was scattered in the wind
Many years ago
Time cannot replace
What was here in my arms
Time cannot replace
What was here in my arms
You used to come on by
But not anymore
You used to come on by
But not anymore
I've seen people come and go
And seasons passing by
There's moments when i'm missing you
And moments when i cry
But time will not erase
What my memory stored
Time will not erase
What my memory stored
But your heart turned as cold
As the winter here
But your heart turned as cold
As the winter here
