### Verse 1:

She's like a one sided phone conversation  
She let's me say my piece in peace  
She'll never ask for piggy backs in the rain  
But I'll do it so she won't get soaked on her feet  
She cares like an unexpected texted message  
The effort over shadows infrequency  
She's three in one to me  
3 times the woman most can be

### Verse 2:

There are times she get's motherly  
And she fits the role, cause it's in her genes  
Nut she can be silly when she's watching Disney  
And sings every song from all the musicals perfectly  
She's like a two hour tickle fight  
An innocent thing, that can lead to intrigue  
She's three in one to me  
3 times the woman most can be

### Pre Chorus:

And people say that I'm lucky  
And it's obvious that I agree  
But all they rate is her beautiful face  
And they fail to see the best underneath  
'Cause she's strong, talented and intelligent  
A triple threat at least  
She's three in one to me  
3 times the woman most can be

### Verse 3:

She's a demure kinda quiet  
Classy when silent, and hands at her knees  
And sometimes she's pensive  
But she's still attentive, and hears every single word  
said every double meaning  
When she laughs she's like a car that won't start  
Make her giggle, she struggles to breathe  
She's three in one to me  
3 times the woman most can be

### Pre Chorus:

And people say that I'm lucky  
And it's obvious that I agree  
But all they rate is her beautiful face  
And they fail to see the best underneath  
'Cause she's strong, talented and intelligent  
A triple threat at least  
She's three in one to me  
3 times the woman most can be

Verse 4:

She's past the status of a best friend  
Beyond a soul mate, or fated-to-be  
And words like amazing are almost degrading  
She's hard to describe with my vocabulary  
She's her very own best kept secret  
And one I'm dying to keep.  
She's three in one to me  
3 times the woman most can be.
