i woke up
next to you
with everything
and your brown eyes... invisible
as you sleep
and you dream
although your still with me
its clear
your gonna leave here
with thoughts and behind you
its your time
your not really here anymore
this might be our last day
its your time
your not really sure anymore
in your sleep
by myside
you roll away
but i'm awake
and still in love
oh i'd give anyhting
although your still with me
its clear
your gonna leave here
with thoughts and behind you
its your time
your not really here anymore
and this might be our last day
its your time
your not really sure
but i must be the last thing on your mind
if i am ever on your mind
with thoughts and behind you
its your time
your not really here anymore
and this might be
our last day
its your time
your not really sure anymore
uh-huh uh-huh
your not really here anymore
uh-huh uh-huh

your not really sure anymore
