Which one of you are..  
Damn it's been a long day  
I can't wait to get home  
Nothing ever goes my way  
I try and try and then some  
My life is such a struggle  
I make the catch but then I fumble  
When I drive the choppers boo  
I can only think of you  
And the joy you bring  
You're my everything  
You're not always there when I needed you  
Some of the things that you do  
Makes me question you  
You babay..  
All I need is one  
I need someone to talk to..  
To be close to..(yeah)  
All I need is one  
Girl show me some affection  
Save the question  
Are you the one..

Damn it's been a long day  
I can't wait to get home  
Nothing ever goes my way  
I try and try and then some  
My life is such a struggle  
I make the catch but then I fumble  
When I drive the choppers boo  
I can only think of you  
That I need your love  
And arms around me  
I can hope to seize inside  
And I can't explain why..  
All I need is one(All I need is)  
I need someone to talk to..(cmon)  
To be close to..(someone to be close to)
