[VERSE 1]

Can you feel it?  
All that space in between us.  
I know you can feel it,  
I miss you just a little too much.

[HOOK]

Memories in the please are they gone now?  
Thought that I would be right but im wrong now.  
So many feelings,  
I miss you just a little too much.

[CHORUS]

We built it up,  
Then let it all crash down.  
We had it all,  
But let it burn to the ground.  
But maybe we can turn around and get back  
Cause right now i'm off track  
I'm looking for a way back to love  
I need you now  
I'm feenin' for your touch  
Come back to love  
Come back to love.

[VERSE 2]

Can you see it  
or did everything we were turned into dust.  
Do you believe it?  
Can we ever get back to us?
