Because you caught me on the low you don't call,
So does that mean you don't love me no more?
The way you used to look at me, baby,
Touch on me, baby,
Tell me why you're actin' so cold?

See I gave you everything to make it up to you,
On your finger there's a ring to show my love is true,
So why you wanna punish me, baby?
You're drivin' me crazy,
I never meant to do this to youâ€¦

Never thought you'd stop takin' calls from me,
Never thought you'd up change your lock and key,
Now your actin' all fed up, then you go and change it
up,
'Till I got the call, I never thoughtâ€¦
Never thought you'd ever turn your back on me,
Tellin' all your friends doesn't change a thing,
Girl, I take the shame for the blame on me,
You know you got a lot to lose, even though you know
that youâ€¦
(You caught me)

I'm not that kind of guy that's workin' nine to five,
But you that lately, I been actin' shady, my baby,
Every time that I'm late at night, I already know what is
on your mind,
Girl, you try so hard to smile, I can see the truth that's
in your eyes,

See I gave you everything to make it up to you
On your finger there's a ring to show my love is true
So why you wanna punish me, baby?
You're drivin' me crazy
I never meant to do this to youâ€¦

Never thought you'd stop takin' calls from me,
Never thought you'd up change your lock and key,
Now your actin' all fed up, then you go and change it
up,

'Till I got the call, I never thoughtâ€¦
Never thought you'd ever turn your back on me,
Tellin' all your friends doesn't change a thing,
Girl, I take the shame for the blame on me,
You know you got a lot to lose, even though you know
that youâ€¦
