Girl I wonder if you know just what you do.  
Cos you're making me feel things I never knew.  
You ain't even got to try,  
Let's not waste no time.  
Cos I'm ready and I'll take my chance on you.

Put a smile and a wink of an eye,  
When you brushed and passed me by.  
Curious I ain't even gonna lie,  
Was it me you had in mind?  
Is this a game you like to play?  
When you tease and walk away.  
Are there rules that I broke when I made you turn back  
around my way?

We had a mutual attraction baby,  
I realize that something's different with you,  
Made me question why,

suddenly I've tried my god,  
and I think this could be the start .

Girl I wonder if you know just what you do.  
Cos you're making me feel things I never knew.  
You ain't even got to try,  
let's not waste no time.  
Cos I'm ready and I'll take my chance on you.

It's the times that you're so not aware,  
and you're on own and there.  
Watching all of the little things you do,  
that have got me stuck on you.  
Cos it's not the way you look,  
girl you never understood.  
Maybe one day you'll see that there's really so much  
more to you.

We had a mutual understanding,  
I learned from you that there's so much more about  
me, you.  
Helped open my eyes,  
and I've left my past behind,

and I'm ready to fall in love again.

Girl I wonder if you know just what you do.  
Cos you're making me feel things I never knew.  
You ain't even got to try,  
let's not waste no time.  
Cos I'm ready and I'll take my chance on you.

I never knew what I had been missing,  
till I learned to trust in you,  
so I'd rather hurt again than to never let you into my  
life.

Girl I wonder if you know just what you do.  
Cos you're making me feel things I never knew.  
You ain't even got to try,  
let's not waste no time.  
Cos I'm ready and I'll take my chance on you.

Girl I wonder if you know just what you do.  
Cos you're making me feel things I never knew.  
You ain't even got to try,  
let's not waste no time.  
Cos I'm ready and I'll take my chance on you.

Girl I wonder if you know just what you do.  
Cos you're making me feel things I never knew.  
You ain't even got to try,  
let's not waste no time.  
Cos I'm ready and I'll take my chance on you.

Girl I wonder if you know just what you do.  
Cos you're making me feel things I never knew.  
You ain't even got to try,  
let's not waste no time.  
Cos I'm ready and I'll take my chance on you.
