Its the same train, its the same time girl.  
Every morning on the central line girl,  
look at u, u look at me from afar,  
(baby i) gotta say that a fantasize each day,  
think about it with my mind on replay,  
what'd happen if i just came up and talked?

Chorus

This time is here,  
i wont pass  
i can't contain,  
I wont last,

lets get 2 the bottom line girl,  
how u wear ur hair city girl style,  
all up in a ponytail that turns me on!  
in the winter ur rocking still toes,  
in the summer its tghe open toes,  
Girl i watched u the whole year long...

Chorus

each days the same i sit in front of u trying not 2 stare,  
got that starbucks in your hand and I-pod in your ear.  
that laptops on your lap,  
but ur minds not there no,  
but u aint ready girl, coz i caught u watchin me 2...

Chorus

Hey there City girl!  
before u go your way,  
Hey city Girl!  
could i just get ur name?  
Hey city girl!
