[Jay sean:]

She don't wanna go go  
But that's cool  
Cause she already know know  
How I do  
She waiting her turn  
She don't wanna leave  
I can't blame her for wanting at you and me  
No she no fool  
And everybody know know I'm that dude  
So if it ain't her it'll be her friend  
I'm just tryna party like the world's gon' end  
Now I'm all up in my zone  
I been turning it up all night so I'm on  
And ain't no way I'm leaving this club tonight alone  
So who gon' be the lucky one that I take home

[Chris brown:]

I'm looking for the girl who'll do it for me  
Who gon' be the one that's gon' do it for me  
Cause there's a lot of girls that'll do it for me  
So if it ain't you she gon' do it for me  
She gon' do it for me yeah  
She gon' do it for me  
She gon' do it for me yeah  
She gon' do it for me  
Cause there's a lot of girls that'll do it for me  
Said who gon' be the one that'll do it for me

Why you playing girl  
Why you playing girl  
Tell me why you playing  
Why you why you playing girl
