I never thought I'd see a love like this (like this)
a love like this
a love like this
yeahhh

lately, I've been thinking about
how you changed me
I'm not even playing around
but that ain't me
that ain't me now
girl why's this happening
never looking back again

baby you don't need to change
cause you make me wanna give you my last name
and even though we have our highs and lows
girl if theres one thing I know

i will love you eternally
for eternity
they'll never break us down
i will love you eternally
for eternity
and I'll always be around

and i never thought I'd find a love like this (like this)
never thought I'd find a love like this
and I'm so glad i got a love like this
got a love, got a love, got a love.

thats why i love you for you,
you, you, you, you, you, you.

thats why i love you for you,
you, you, you, you, you, you.

they say that we've been moving too fast
and you say baby tell me more 'bout your past
that ain't me, that ain't me now
they be confusing me, ima keep it true to you

baby you don't need to change

cause you make me wanna give you my last name
and even though we have our highs and lows
girl if theres one thing i know
i will love you eternally
for eternity
they'll never break us down
i will love you eternally
for eternity
and I'll always be around

and i never thought I'd find a love like this (like this)
never thought I'd find a love like this
and I'm so glad i got a love like this
got a love, got a love, got a love.

thats why i love you for you,
you, you, you, you, you, you.

thats why i love you for you,
you, you, you, you, you, you.

Said if your with the one you love tonight let me here
you say
oh-ho (oh-ho)
Said if your with the one you love tonight let me here
you say
oh-ho (oh-ho)
and if you can't be with the one you love,
then just try and love the one you with
say oh-ho (oh-ho)
say yeah (yeahhh)

i will love you eternally
for eternity
they'll never break us down
i will love you eternally
for eternity
and I'll always be around

and i never thought I'd find a love like this (like this)
never thought I'd find a love like this
and I'm so glad i got a love like this
got a love, got a love, got a love.

thats why i love you for you,
you, you, you, you, you, you.

thats why i love you for you,
you, you, you, you, you, you.
