There's a place you can run away and hide  
From the pain, girl it's only for a while  
Coz like has been treating you so wrong  
And I dunno if I'd had been that strong

[BRIDGE:]

So let me know baby  
If there's anything you want I'll be there  
Let me know  
If I can be the one you run and talk to  
You should know  
That I admire you for every strength that you have  
shown

[CHORUS:]

Coz I believe in you  
No matter what I'll be by your side  
I believe in you  
And everythings gonna be alright  
I believe in you  
And when it hurts I will dry your eyes  
You will make it through...  
Coz I believe in you

Memories of your past will go with time  
Fade away like the parks did on your skin  
He never broke the person that you are  
Coz he never got to know the girl within

[BRIDGE:]

So let me know baby  
If there's anything you want I'll be there  
Let me know  
If I can be the one you run and talk to  
You should know  
That I admire you for every strength that you have  
shown

[CHORUS:]

Coz I believe in you  
No matter what I'll be by your side  
I believe in you  
And everythings gonna be alright  
I believe in you  
And when it hurts I will dry your eyes  
You will make it through...  
Coz I believe in you

He was the cause and the cure of your heartache  
Coz he was all that you knew  
Don't you believe that you're ever alone  
I will be there for you  
Every step of the way

[CHORUS:]

Coz I believe in you  
No matter what I'll be by your side  
I believe in you  
And everythings gonna be alright  
I believe in you  
And when it hurts I will dry your eyes  
You will make it through...  
Coz I believe in you

I believe in you, I believe in you  
I believe in you, I believe in you

I said I believe in you  
Hmmm Oh-oh  
You can make it through, Oh-Oh  
Coz I believe in you
