(Chorus)

I Wanna Make A Movie Movie Movie You Gotta Park At The Party I Wanna Make A Movie Movie Movie You Are A Star You Are A Star (Yeah)

(Verses)

Let me tell you my fantasy You can make it reality We'll keep it between just you and me Well me and you and a TV Oh lady I got a script You don't need to read No no need to read it No scenes girl you know what I mean I got a part, you're a lead And when the red light comes on We gonna start Oh oh oh oh oh

(Chorus)

I wanna make a movie movie movie You got the part, got the part, yeah I wanna make a movie movie movie You the star, you the star, yeah

And I'll be the director and the actor And I'll join in, if I have to Let's make a movie movie movie You the star, you the star, yeah

(Verses)

Now this ain't for the world to see But it's a classic for you and me Oh well I know it's a masterpiece

That we'll watch again and again
Cause lady I got a script, that you won't believe
Just take your time to really got no matter
And you'll feel out the part, you'll play the lead
And when that red light comes on
Girl it's time to perform
Oh oh oh oh oh

(Chorus)

I wanna make a movie (I wanna make a movie) movie movie

You got the part, got the part, yeah (You know you got it girl) I wanna make a movie movie movie You the star, you the star, yeah

And I'll be the director and the actor And I'll join in, if I have to Let's make a movie movie movie You the star, you the star, yeah

(Verses)

Wait you to trade it for a matinée
See we can film it wherever you wanna film it girl
In our kitchen, on top of the camera's where I do you
girl
I, do you wanna come with me, now I,
I'll take you on a red carpet
And i, get on the top of me
And they stop the scene
We won't win an Oscar for this baby

(Chorus)

I wanna make a movie movie movie (I wanna make a movie with you girl) You got the part, got the part, yeah I wanna make a movie movie movie (I wanna make a movie with you girl) You the star, you the star, yeah (You the star of the show)

And I'll be the director and the actor

And I'll join in, if I have to Let's make a movie movie movie You the star, you the star, yeah
