[Verse 1]

Baby wait
Don't walk away
Won't you stay
With me I've got something to say
How about
We talk it out
There ain't a doubt
This thing is driving both of us crazy

[Pre-Chorus]

And I can't seem to fight these butterflies
Look what you do to me oh
Look what you do to me
Maybe I've been trippin all this time
Look what you do to me
I'm starting to see

[Chorus]

That I've never been in love before
Cause I've never met a girl like you before
I cannot deny
You're the reason why
I can't eat
I can't sleep

[Mini-Bridge]

Never been in
I can't let it go
That's something you should really know
Never been in
I can't let it go
That's something you should really know

[Verse 2]

Could it be
That possibly
What I see in the movie scenes
Is real and it's happened to me
Feeling down
When you're not around
Cause baby now

It's love that's driving both of us crazy

[Pre-Chorus]

[Chorus]

[Bridge]

I can't fight these butterflies

Look what you do to me

Maybe I've been tripping all this time

But now I'm slowly starting to see

[Chorus]

[Mini-Bridge x2]
