Let me feel you..

Its been about a month and twenty days

And were going round and round playin silly games

Now your saying slow it down, not right now

Then you wink at me and walk away

Girl, let it be, let it be known

Hold on, dont go

Touching and teasing me, telling me no

But this time I need to feel you.

(Ride it) when hewere all alone...

(Ride it) Just lose control...

(Ride it, ride it) Touch my sole...

(Ride it, ride it) Let me feel you...

(Ride it) Turn the lights down low...

(Ride it) From head to toe...

(Ride it, ride it) Touch my sole...

(Ride it, ride it) Let me feel you...

Baneeta owns the club on Saterdag

Your acting like a diva, saying you dont want to play

Its gotta be be you feisty style

Raise that brow

I love it when you look at me that way

Now your ordering a mojito from the bar

Your re-applying your lipply 'cause it came off on the
glass

The DJ plays you favourite song Kanye's on

Now your beckoning up for me to dance

mmm....

Pullin me pullin me pullin me close

Close your eyes (close your eyes girl)

Wiskin me, tellin me

We go to go

Won't you take me home. I wanna....

(Ride it) when were all alone...

(Ride it) Just lose control...

(Ride it, ride it) Touch my sole...

(Ride it, ride it) Let me feel you...

(Ride it) Turn the lights down low...

(Ride it) From head to toe...

(Ride it, ride it) Touch my sole...

(Ride it, ride it) Let me feel you...

Everything was right untill the phone began to ring

She takes it to the corner

Thats when I start wondering

I can hear her shouting, made me fist against the door

Gettin it was over

I cant take it anymore

Then I walk away

Acting I just want to chill

I just wanted to get away

Before I messed my will

But she came close and backed me against thw wall

I know that you heard and I'll make you forget it all...

Baby let me feel you...

(Ride it) when were all alone...

(Ride it) Just lose control...

(Ride it, ride it) Touch my sole...

(Ride it, ride it) Let me feel you...

(Ride it) Turn the light down low...

(Ride it) From head to toe...

(Ride, ride it) Touch my sole...

(Ride it, ride it) Let me feel you...
