(Let me feel you)
It's been about a month and twenty days
And we're going round and round playing silly games
Now you're saying, slow it down, not right now
Then you wink at me and walk away

Now, let it be, let it be, let it be known
Hold on, don't go
Touching and teasing me, telling me no
But this time I need to feel you

(Ride it)
We are all alone
(Ride it)
Just lose control
(Ride it, ride it)
Come touch my soul
(Ride it, ride it)
Let me feel you

(Ride it)
Turn the lights down low
(Ride it)
From head to toe
(Ride it, ride it)
Touch my soul
(Ride it, ride it)
Let me feel you

MoVida was the club on the Saturday
You're acting like a diva saying you don't wanna pay
It's gotta be your price to start, raise that brow
I love it when you look at me that way

Now when you order a Mohita at the bar
We applying lippy 'cause it came off from the glass
The DJ plays your favorite song, Kanye's on
Now you're backing in from me to dance

Hmm, pulling me, pulling me, pulling me close
You close your eyes, girl
Whispering, telling me we gotta go

Won't you take me home I wanna

(Ride it)

We are all alone

(Ride it)

Just lose control

(Ride it, ride it)

Come touch my soul

(Ride it, ride it)

Baby, let me feel you

(Ride it)

Turn the lights down low

(Ride it)

From head to toe

(Ride it, ride it)

Touch my soul

(Ride it, ride it)

Let me feel you

Everything was right until her phone begins to ring
She takes it to the corner, that's when I start wondering
I can hear her shouting, banging her fist against the
door

Yelling it all over, I couldn't take it anymore

Then I walk away, and acting I want to go chill
I ain't trying to get caught up in a mess for real
But she came around and backed me up against the
wall
She said I know you're hurt, but I'll make you forget it
all

Baby, let me feel you

(Ride it)

We are all alone

(Ride it)

Just lose control

(Ride it, ride it)

Come, touch my soul

(Ride it, ride it)

Baby, let me feel you

(Ride it)

Turn the lights down low

(Ride it)

From head to toe

(Ride it, ride it)

Touch my soul

(Ride it, ride it)
Let me feel you
