Oh...

Run away [x2]  
Till time? that thought of? run away [x2]  
Wasn't it [x2]  
To leaving you to be this way [x2]  
Couldn't .? . people that we needed on all our side [x2]  
Couldn't see this kind of blind love (just won't)[x2 &  
fade]

No matter what they say  
I know the place where I belong  
The world will never wane  
So we might as well as carry on  
Until our time will come (I know)[x2]  
That I'm always running back to you

Oh...

Here I stay [x2]  
Just a stranger in a foreign world [x2]  
Though I know  
That it wouldn't be that easy anymore [x2]  
Just a chance that I'm willing to take is the sacrifice  
Give it time when I'm gonna change things (all the  
life)[x2]  
But I know as long you're with me we're gonna be  
o'right

Cause no matter what they say  
I know the place where I belong  
The world will never wane

So we might as well as carry on [x2]  
Until our time will come (I know)[x2]  
That I'm always running back to you  
To you baby [x2]  
I'm always running back to you... oh

Run away [x2]  
Till time? that thought of? run away [x2]  
[Chorus:]

Always running back to you  
Wasn't it [x2]  
For me and you to be this way... no

Cause no matter what they say  
I know the place where I belong  
The world will never wane  
So we might as well as carry on  
Until our time will come (I know)[x2]  
That I'm always running back to you

No matter what they say  
I know the place where I belong  
The world will never wane  
So we might as well as carry on  
Until our time will come (I know)[x2]  
That I'm always running back to you
