Hold on a sec just let me get this straight you're leaving now you going through that shit and tell me that were even now it aint no way to right the wrong i did i know it's wack but you dont go and fuck someone else just to get me back look i'm a man we do some things that aint planned i didnt even know her name i didnt even ask man i wasnt thinking at all at all i know you dont think love and lust can be two different things but there are men in every strip club wearing wedding rings and i aint saying it's right and i'm just saying the truth that we dont think alike and we aint made the same as you i dont carry no emotions for that other chick aint no relationship look i was on some selfish shit but i love you girl and you know that you know that so wont you come back chorus she said she has no time she said she said 2x i'm pretty sure that right now my words are kinda useless and even as i say them i hear bullshit and excuses but i'd rather be real and say that for alot of us it's a consious effort not to stray and stay monogamous and you can tell that your girls and they'll think i'm a jerk but i'm willing to do anything girl to make it work cause now i just regret it all all chorus and ever since then it's been weighing on my mind weighing on my mind thats why i could'nt hold the lie i told you everything that happened thinking that would make it right i should've lied i should've lied cause you'd have took the guilt out of me but it changed the way that you see me i see you cant let this slide chorus
