[Verse 1 - Jay Sean]

Pieces of our past
lay broken on the floor
Shattered just like glass
this love don't make through anymore
Nothing left to say
we've run each other dry
There's no one left to blame
is this the end for you and I?

[Chorus - Jay Sean & Thara]

Been having these sleepless nights
don't know who's wrong or who's right
You've been a stranger to these tears in my eyes
And now that were separated and the colors have
faded
It feels so complicated
these words that we say
That's the way love goes
That's the way love goes
That's the way love goes
That's the way love goes

[Verse 2 - Jay Sean]

Fates not on our side
god knows that we try
That's the way it goes
bet my life on you and I
Going blow for blow
and I don't know you anymore
This ain't a TV show
its not a script I would have wrote

[Chorus - Jay Sean & Thara]

Been having these sleepless nights
don't know who's wrong or who's right
You've been a stranger to these tears in my eyes
And now that were separated and the colors have
faded
It feels so complicated
these words that we say

That's the way love goes
That's the way love goes
That's the way love goes
That's the way love goes

[Verse 3 - Thara]

Don't wanna miss your kisses
never though you'd hurt like this
But you could say this don't feel right no
your pulling when I'm pushing
Let go but I'm still holding
I say I feel you for one last time

[Outro - Jay Sean & Thara]

Baby that's the way love goes
That's the way love goes
That's the way love goes
That's the way love goes
That's the way love goes
That's the way love goes
That's the way love goes
That's the way love goes
That's the way love goes
And I don't know what I would have done without
you
And that's the way love goes
But couldn't be my baby
wasn't you my baby?
I miss you
