When I was down and out
You put your life on hold to be there for me
What can I say?
If ever you're in doubt
In case you haven't noticed
There's nothing I won't do to make it up

I just wanna thank you for all that you've done
If I never told you or showed you enough
I just wanna thank you for all that you've done
You were always there when I needed someone

I've been a victim of
All those things that women say
Us men don't do but I love you
But I never showed enough
Now you can hold me to this
There's nothing I won't do
Just show my love for you

I just wanna thank you for all that you've done
If I never told you or showed you enough
I just wanna thank you for all that you've done
You were always there when I needed someone

I would lie, I would try
I would die for you baby
You know I would for you

Gotta know that there'll be times when
I don't speak how I feel
It ain't like I don't appreciate all the things you do
It's just that I'm not as open as you
It ain't like you complain
But I just want to tell you all the same

I just wanna thank you for all that you've done
If I never told you or showed you enough
I just wanna thank you for all that you've done
You were always there when I needed someone

I just wanna thank you for all that you've done

If I never told you or showed you enough
I just wanna thank you for all that you've done
You were always there when I needed someone

I would lie, I would try
I would die for you baby
You know I would for you
I would lie, I would try
I would die for you baby
You know I would for you
