(Verses)

I Was Thinking Some Day  
I Grow Out Of This Phase  
What A Big Mistake That Was  
Is It Love That We Make  
Im Caught Up In This Maze  
Whish It Havn't Begun.  
Im To Weak To Leave.  
But God I Cant Stand Myself No More.  
She Calls Me Angel  
That Aint The Truth  
You Know, You Know

(Chorus)

And Even Though Its Wrong  
That I'm Living Such A Lie  
I Just Cant Leave You Alone  
The More That We Go On This Guilt  
Just Builds Up Inside  
Still I Cant Leave You Alone

I Just Cant Leave My Mistress  
I Just Cant Leave My Mistress  
Why Do You Feel Like Something  
That I Shouldn't Hide  
I Just Cant Leave You Alone

(Verses)

She Wakes Me With A Kiss  
Some Coffee In My Bed  
After I Just Crept  
In Way After Six  
Smelling Of Your Perfume  
All In My Bed Room  
I Dont Understand Why She

Dont Say Shit (May Be She's Weak)  
May Be I Know  
Thats Why I Cant Stand Myself No More

She Must Be An Angel  
To Know But Never Say  
To See But Look Away

(Chorus)

And Even Though Its Wrong  
That I'm Living Such A Lie  
I Just Cant Leave You Alone (Cant Leave You Alone)  
The More That We Go On This Guilt  
Just Builds Up Inside  
Still I Cant Leave You Alone

No, I Just Cant Leave My (I Just Cant, I Just Cant)  
Mistress  
(Leave You Alone)

No, I Just Cant Leave My (I Just Cant, I Just Cant)  
Mistress  
(Leave You Alone)

Why Do You Feel Like Something  
That I Shouldn't Hide  
I Just Cant Leave You Alone

But I Just Cant, I Just Cant Leave You Alone  
I Just Cant, I Just Cant Leave You Alone  
I Just Cant, I Just Cant Leave You Alone  
I Just Cant, I Just Cant Leave You Alone  
I Just Cant, I Just Cant Leave You Alone

(Chorus)

I Just Cant Leave My Mistress  
I Just Cant Leave My Mistress  
Why Do You Feel Like Something  
That I Shouldn't Hide  
I Just Cant Leave You Alone
