You got me waiting
Waiting
Waiting

Baby baby you're so damn fly
I woulda given you a billion chances
And everything that you'd like
You coulda had my undivided attention
With the keys to my crib and to my ride
But you kept me waiting
Don't wanna say goodbye
But I gotta

[bridge]
ooh you mighta got the best of me
I'm still in my clothes
sitting here by the door
waiting for you
to show up
but you didn't

[chorus]
so I'm only gonna say it one time
gonna tell you what I'm thinking about waiting
it wasn't cool how you left me last night
tell me how you're gonna keep ya boy waiting
I've been waiting so long
waiting
promised me that you'd come
waiting
why you do me so wrong
tell me why you got your boy here

waiting
girl you got me waiting x2
girl you got me
waiting, waiting, waiting here for you girl
girl you got me waiting x2
girl you got me
waiting, waiting, waiting here for you girl

How would you feel if the tables were turned

tell me would you try to forgive me
or would you let this burn
it's funny how when a guy tries to treat u right
you m.i.a like you were last night
you kept me waiting
i don't wanna say goodbye
baby, i gotta

[bridge]
ooh you mighta got the best of me
I'm still in my clothes
sitting here by the door
waiting for you
to show up
but you didn't

[chorus]
I'm only gonna say it one time
gonna tell you what I'm thinking about waiting
it wasn't cool how you left me last night
tell me how you're gonna keep ya boy waiting
I've been waiting so long
waiting
promised me that you'd come
waiting
why you do me so wrong
tell me why you got your boy here

waiting
girl you got me waiting x2
girl you got me
waiting, waiting, waiting here for you girl
girl you got me waiting x2
girl you got me
waiting, waiting, waiting here for you girl

I don't think you realise watcha got
I don't know maybe over time you forgot
I was the best thing
That you had going
don't know why you got me waiting
you can look around the world
but you'd never find
anybody that would treat you right
you were the best thing
but you left me guessing
don't know why you got me waiting
Oh girl

[chorus]
I'm only gonna say it one time
gonna tell you what I'm thinking about waiting

it wasn't cool how you left me last night
tell me how you're gonna keep ya boy waiting
I've been waiting so long
waiting
promised me that you'd come
waiting
why you do me so wrong
tell me why you got your boy here

waiting
girl you got me waiting x2
girl you got me
waiting, waiting, waiting here for you girl
girl you got me waiting x2
girl you got me
waiting, waiting, waiting here for you girl
