damn baby, this thing is on  
you can stand in em Louis Vuittons  
You aint gotta do nothing  
let me show you what love means  
baby close your eyes  
you can feel the air between your thighs  
and I don't even mind  
letting you know  
that I will go all night

Your love,your love(yeah)  
Your love,your love(yeah)  
Your love,your love(yeah)  
Your love,your love(yeah)

(so give me your love) Your love, your love  
(girl I need) Your love, your love  
(said I need your love) Your love, your love  
(said I need your love) Your love, your love

I wanna be the one you hold in the morning  
and ill be there girl when you call me  
cause it's the kind of love I wanna give  
lady thats the life I wanna live  
you make me wanna turn around and settle down  
cause you the baddest girl around  
Baby the illest (baby the illest)  
that you thought it was the realest  
(you know)

Shawty Imma only tell you this once, you the illest (dat  
for dat dat dude)  
And for your lovin' Imma Die Hard like Bruce Willis  
(bah ba dah dah oh)  
You got spark, you, you got spunk  
You, you got something all the girls want

You're like a candy store  
And I'm a toddlor.  
You got me wantin' more and ma ma more of

Your love,your love(yeah)  
Your love,your love(yeah)  
Your love,your love(yeah)

Your love,your love(yeah)

Your love, your love  
Your love, your love  
Your love, your love  
Your love, your love

He the type to pop tags and be cockin the brim  
Might breeze through The Ave, might stop at the gym  
And he keep a du rag, keep his wave on swim  
Wa wa waves on swim so they hate on him  
Anyway I think I met him sometime before  
In a different life or where I record  
I mean he was Adam, I think I was Eve  
But my vision ends with the apple on the tree  
'S' on my chest cuz I'm ready to save him  
ready to give up on anybody that plays me  
And I think I love him, I love him just like I raised him  
When he call me mama, lil mama, I call him baby  
Your love,your love(yeah)  
Your love,your love(yeah)  
Your love,your love(yeah)  
Your love,your love(yeah)

Your love, your love (so fine)  
Your love, your love (so fine)  
Your love, your love (so fine)  
Your love, your love (so fine)  
Find me in the dark  
I'll be in the stars  
Find me in your heart  
I'm in need of your love  
Baby your love  
your love  
your love

your love  
your love

baby your  
baby your  
your the illest  
your love

your love  
your love, your love  
your love, your love  
your love
