I don't care much for champagne  
Got no need for wine and roses  
Don't get romantic when it rains  
I got nobody anyhow

CHORUS:

But I did in Dallas  
We danced while the stars fell all around us  
That was when she had no doubts about us  
Then her heart changed like a whippin' winter wind  
I'll never love again  
Like I did in Dallas

I don't get wrapped up in the moon  
I don't believe in all it's magic  
I don't think too many dreams come true  
Or that everybody wins

REPEAT CHORUS x2

Oh, I did in Dallas  
I miss Dallas
