Let's go

Sin, sinful, as a sinner I am  
Conceived by a jackal  
Cunning as a serpent  
I'm hiding inside your conscience's parasite

I am the controller  
The autocrat of the soul  
After me, no turning back  
Gaining full soul control

Sin, sinful, as a sinner I am  
Conceived by a jackal  
Cunning as a serpent  
I'm hiding inside

Need, needle as I am your neediness  
Conquering flesh and bones  
I'll be taking over till breathing finites  
For I am you

I am the controller  
The autocrat of the soul  
After me, no turning back  
Gaining full soul control

Searching for thy partner in distress  
My endless journey continues  
Searching for thy partner in distress  
My endless journey continues

Searching for thy partner in distress  
My endless journey continues  
Searching for thy partner in distress  
My endless journey continues

Two, three, four, go

The end is ending as there is  
Nothing more to take  
No more than a shadow now

A splinter of what you used to be

I am the controller  
The autocrat of the soul  
After me, no turning back  
Gaining full soul control

Need, needle, as I am your neediness  
Conquering flesh and bones  
I'll be taking over till breathing finites  
For I am you
