Do you think of me when the day is done  
Baby when you think of me do you want to come  
With me no ones working you like the way I do  
Cause my love is like a drug when I'm into you  
Why you wanna be with me...ain't hard to see  
All that I am is all that I be  
Harder than the rock with the energy  
Do I want it yes I want it now I'm gonna so get ready  
Chorus:  
Get ready..I am your design for love...  
Get ready I am your design for love  
Already know what you've been dreaming of  
So get ready I am your design for love  
Turn the candles on a put the lights down low  
Cause you know I'll break you off baby nice and slow  
And I had you on the bottom now you back on top  
Oh girl once you get me started  
I don't ever stop  
Why you wanna be with me...ain't hard to see  
All that I am is all that i be  
Harder than the rock with the energy  
Do I want it yes I want it so im gonna get ready  
Chorus  
Rap:  
Im the design ready for your love getting inside  
Is what i'm thinking of  
Oooh..are they real she got me sweatin like a chubby  
doin on the treadmill  
Lay her one the back, kiss her on the tummy  
I need a tictac cause my breath is kinda funny  
But don't worry cause I know she still wid it  
When she shakes that thing  
I really want to hit it  
Extra little twist in her hips cause  
I'm watchin built for speed from the start so I'm clockin  
Like dis like dat and like dis and a I love kissin her  
Da.da.da.da.da.daym she's fabulous I can't lie  
All my friends ask me how I know why JD Jr, calabo on  
dis track  
Triza bring that beat back  
Automatically I fulfill all your dreams  
Tell me your fantasies cause I am your design for love

Chorus:(x2)
