Rap 1: (J.O.L.O.)

for all the ladies in the place with style and grace  
with firm breast, round ass and a classic face  
high class with taste, who gives head after dates  
suck me dry each time and not gets out of shape  
she's never out of cake, plus she loves to grind  
loves how the studs just shine, she must be mine  
so i guess it must be time, for us to discuss  
if possibly you must leave with us  
and though we keep freaks with us  
ma, you're the type of dime piece a freak needs to  
crush  
damn girl, you're flirty, you tease too much  
stop fronting, i'm the one you need to touch  
so if you see what's up, grab your things lets go  
best know you get to test just how the best roll  
see my neck's cold, yeah it's flooded with ice  
wrist watch frozen, so we fucking tonight? right...

chorus:

throw ur hands in the air  
and dance like you just don't care  
and if you're drinking em things  
let me hear you say oohh yeah...  
just throw your hands in the air  
and partly like you just don't care  
and if you're feeling this sshhh...
