You and me, havin' sex
After an argument, that shit's the best
You and me, havin' sex, yeah
After an argument, that shit's the best
(Think about it while the streets you roam
It's Dom P and Army in the fridge when you get home)

I storm in, she storm out
It's like the "War of the Roses" goin' on in my house
It's a little separation but I know how to fix the situation
Mami just sufferin' from love deprivation

So I gotta give her thug reparations
Put it in the life until love leg is shakin'
Slow and passionate, 'til we forget what happens
Then we laughin' and we back friends

You don't have to fuss and fight
Why don't you just spend the night
Baby let's just kiss and hug
You know the words, girl, let's make up

So much love to be made
Instead of screamin, "Who's to blame?"
Girl, I don't wanna
Let you go, I need you so

You and me, havin' sex
After an argument, that shit's the best
You and me, havin' sex, yeah
After an argument, that shit's the best
(Think about it while the streets you roam
It's Dom P and Army in the fridge when you get home)

Girlfriend didn't believe me when I said I'd be back in a
little
'Cause I had the Chris T on with the crease in the
middle
Plus a fresh cut and the freezin' icicles
On my wrist, on my hand, that's when shit hit the fan

Said, "You never spend timey, what's up with that?"

Translated it means, hit it hard from the back
Yeah, she hid my car keys
And forced me to fall asleep to her heartbeat

You don't have to fuss and fight
Why don't you just spend the night
Baby let's just kiss and hug
You know the words, girl, let's make up

So much love to be made
Instead of screamin, "Who's to blame?"
Girl, I don't wanna
Let you go, I need you so

You and me, havin' sex
After an argument, that shit's the best
You and me, havin' sex, yeah
After an argument, that shit's the best

Baby, I don't want to fight
I just wanna make it right
Put out problems to the side
Let's just make sweet love tonight

Baby, I don't want to fight
I just wanna make it right
Put our problems to the side
Let's just make sweet love tonight

Sex so intense, all that's on my mind
It ain't feel this good since the very first time
I'm pullin' her close, she's pullin' away
I'm tryin' to kiss her mouth but she keeps turnin' her
face

Cute sex game like our very first date
We ain't know each other well enough, we had to wait
But oh, I know just where your hot spot at
You can not deny that, so do not try that, I do not buy
that

You and me, havin' sex
After an argument, that shit's the best
You and me, havin' sex, yeah
After an argument, that shit's the best

You and me, havin' sex
After an argument, that shit's the best
You and me, havin' sex, yeah
After an argument, that shit's the best
