versel who wanna bet us that we don't touch lettuce,
stack cheddars forever, live treacherous, all the
etceteras, to the death of us, me and my confidants we
shine, you feel the ambiance y'all niggas just rhyme,
by the ounce doe accumulates like snow, we dont just
shine, we illuminate the whole show, ya feel me?,
factions from the other side would love to kill me, spill
3 quarts of my blood into the street, let alone the heat,
f**k em, they hate a nigga lovin his life, in all possible
ways, know the feds is buggin my life, hospital days,
reflectin with my man laid up, on a uptown hot block, he
got his side sprayed up, I saw his life slippin, this is a
minor setback, yo still in all we livin, just dream about
the getback, that made him smile though his eye said
"pray for me", I'll do you one better and slay these
niggas faithfully, murder is a tough thing to digest, its
a slow process, and I aint got nothing but time, I had
near brushes, not to mention, 3 shots close range,
never touched me, divine intervention cant stop I, from
drinking mataje, with tata, down in nevada, ha ha pa

year than these niggas could wish to, the dead
presidential, candidate with the sprinkles, and the
presidential ice, that'll offend you, in due time, when
crime flees my mind, all sneak thieves and playa
haters could shine, but until then, I keep the trillion cut
diamond shining brilliant, I'll tell you half the story, the
rest you fill it in, long as the villain win, I spend Japan
Yen at 10 major events, catch me in the joints,
convinced my iguanas is bitin, J-A-Y hyphen,
controlling, manipulating, I got a good life man,
pounds and plants, nuff dollars make sense, while you
ride the bench, catch me swinging for the fence, dead
