Your your practice pants used to get the party poppin
We used to party hop, we used to be Miami's partied a
lot
We was The Breakfast Club you was a part of the BTP
We used to make up special names for the food we ate
Remember serial pie one of your favorite plates (I miss
you)
Well your mama told me tell you she's doin well
Due to the circumstances, it could've been Bellevue
But I ain't got to tell you, you lookin over us
Our little Charles, but you know what

Marvin's missing you Scoota is missing you
Darius missing you Jit's missing you
(It's been too long and I'm lost without you)
Your uncle's missing you your families missing you
The Team is missing you the squad missing you
Jakia we missing you
(It's been too long and I'm lost without you)

Now Star is mad I won't grant him a interview
Now he's dissing me cause he dissed you
Can you believe the nerve of this dude?
Cause of your memory I won't bring in the pistols
(Wondering if your the same and who's been with you)
But he got issues enough of that lame
I never seen pain like your parents pain
But I know God protecting you
You used to read Seed Of The soul I know God
perfecting you (I miss you)

All the estrogens the darker texture you are the more
intellectual
You are so professional our little purple star
Too good for earth you are (I miss you)

By the way, Larry we missing you Charles we missing
you
We feel your presence just not in the physical
All across the world, blocks is miserable
Y'all left a void it's a lot of little yous
But they not original and they not identical
They just studied your flows and they watched your
interviews
That's when hip hop if it's not ten of you
Then it gotta be more, y'all left your paws
Footprints on the game hood ain't been the same
Feeling ain't been in music hooks ain't been the same
But I'm doing what I can man and try to follow y'all
memory lane man
Big you be ashamed to see New York gangbang
Pac you feel the same thing they use your name in vein
But I guess that's the issue
And it proves how much, niggas really miss you

Nah mean, miss y'all (I miss you)
This goes, to the memory of all our fallen soldiers
Soldiers and soldgettes all across the world (I miss
you)
We gon' hold y'all down, y'all live in our memories
forever
We never gon' let y'all go

I, can't, breathe, no, more (We not remembering y'all
death though!)
Since you went away (We celebrating your life)
I dont really feel like talkin, don't wanna hear you love
