[Verse 1: Jay-Z (Aaliyah)]

All we listen to is all the different yous

Four page letters in addition to

Have you ever loved somebody used to get the party  
poppin

We used to party hop, we used to be in the Hampton's;  
partied a lot

We was The Breakfast Club, you was a part of the ROC  
We used to make up special names for the food we ate  
Remember cereal pie one of your favorite plates (I miss  
you)

Well Dame told me tell you he's doin well

Due to the circumstances, it could've been Bellevue

But I ain't got to tell you, you lookin over us

Our little angel, but you know what

[Chorus: Jay-Z(Aaliyah)]

Brooklyn's missing you Detroit is missing you

New Orleans missing you Philly's missing you

(It's been too long and I'm lost without you)

Your uncle's missing you your family's missing you

Your fans is missing you the galleries missing you

Damn we missing you

(It's been too long and I'm lost without you)

[Verse 2: Jay-Z (Aaliyah)]

Now Star is mad I won't grant him a interview

Now he's dissing me cause he dissed you

Can you believe the nerve of this dude?

Cause of your memory I won't bring in the pistols

But he got issues, enough of that lame

I never seen pain like your parents pain

But I know God protecting you  
You used to read Seat Of The Soul I know God  
perfecting you  
All those extras you, the darker texture you are the  
more intellectual  
You are so professional our little purple star  
Too good for earth you are (I miss you)

[Chorus: Jay-Z (Aaliyah)]

Houston's missing you L.A.'s missing you  
DC's missing you Chicago's missing you  
(It's been too long and I'm lost without you)  
Kidada's missing you Shock is missing you

Colleen is missing you Tiny is missing you  
(It's been too long and I'm lost without you)

[Verse 3: Jay-Z]

By the way, Big we missing you, Pac we missing you  
We feel your presence just not in the physical  
All across the world, blocks is miserable  
Y'all left a void it's a lot of little yous  
But they not original and they not identical  
They just studied your flows and they watched your  
interviews  
That's when hip hop if it's not ten of you  
Then it gotta be more, y'all left your paws  
Footprints on the game, hood ain't been the same  
Feeling ain't been in music hooks ain't been the same  
But I'm doing what I can man and try to follow y'all  
down memory lane man  
Big you be ashamed to see New York gangbang  
Pac you feel the same thing they use your name in vein  
But I guess that's the issue  
And it proves how much niggas really miss you

[Outro: Jay-Z (Aaliyah)]

Pun we missing you Big L we missing you  
Left Eye we missing you Jay we missing you  
Jam Master Jay, Freaky Tah, Scott La Rock, the list goes  
on.....  
The world is missing you, the hood is missing you  
(Wondering if your the same and who's been with you)  
Nah mean, miss y'all (I miss you)  
This goes, to the memory of all our fallen soldiers  
Soldiers and soldgettes all across the world (I miss  
you)  
We gon' hold y'all down, y'all live in our memories  
forever  
We never gon' let y'all go

[Aaliyah (Jay-Z):]

I, can't, breathe, no, more (We not remembering y'all death though!)

Since you went away (We celebrating your life)

I dont really feel like talkin, no one here to love me

(Nah mean!)

Baby (Yes!) do you understand me (Yes!)

I can't do a thing without you (Damn we missing you)

Wondering if your the same and who's been with you, I miss you

Wondering if your the same and who's been with you, I miss you
