Baby Jay ... yea

Ai Oh lord

My name is so excellent

Shield that guide me

Be my guidance

Grace the salvation for me

Shield that guide me

Be my guidance

Lord they could never stop me

I'm on the rock

Aiya danai anai

She-yield that guide me

I'm on the rock

Go tell my enemies I'm on the rock

[I will never look back]

[Jay]

Hov

Everybody in the building put your diamonds up right  
now

I lean on the building

I don't give a fuck

Pray for my enemies don't pray for me

Me against the world

Last man standing

I like my chances

See me in the fight with a bear

I'm breaking a bear

I hold this shit down by myself

If I got to do

We all we got

Lord Jesus Please be my savior

Lord knows I got a whole lotta haters but I

I dust em off I dust em off

My mind too strong and my nine too long

I beat you any pillow you put your little mind on

and I [Raah] dust em off I dust em off [Raah]

Hold Up you dealin wit professionals

So unless You know all tactics fall backwards  
Auto matics come across your chest like Catholics  
Hail Mary We'll bury  
Anyone of you mother fuckers hear me  
Welcome to the Roc It ain't never stop  
Rude boi put you lighters up  
Rude girl throw your diamonds up  
How the fuck they gonna stop ole boi  
I don't even have to write this  
WHEEL IT [[spin bad]]

I don't even have to write this stuff

God knows I got a hell of a flow  
Where I'd be without it they don't wanna know  
Be it for the grace of the lord  
Now my face grace the cover of the ford  
Bloodclot you ain't gotta to love roc  
You gotta respect the way I bake that cake  
Nigga licked up shots  
I am the roc  
Shit I started the roc  
Shit I started with roc  
Target the roc  
Then you targeting Hov  
You targeting Hov?  
Then y'all to know your targeting slow

Shield that guides me  
Be my guidance  
No they will never stop me [Rah Rah Raah]
