What's up, baby girl (Ho...)
Thought I had to talk to you again
Missing you (Hey...ey...ey...ey...)
Tim is missing you, Missy's missing you
Rashad is missing you, your mom is missing you
(N-n-n-n-no, no)
Your pop is missing you, Dame is missing you, damn
we
missing you, woo

All we listen to is all the different yous
Four page letters in addition to
Have you ever loved somebody
Used to get the party poppin', we used to party hot
We used to be in The Hampton's, partied a lot
We was the Breakfast Club, you was a part of the ROC
We used to make up special names for the food we ate
Remember cereal pie, one of your favorite plates (I
miss you)
Well, Dame told me tell you he's doin' well
Due to the circumstances, it coulda been Bellevue
But I ain't gotta tell you, you lookin' over us
Our little angel, but you know what

Brooklyn's missing, you Detroit is missing you
New Orleans missing you and Philly's missing you
(It's been too long and I'm lost without you)
Your uncle's missing you, your families missing you
Your fans is missing you, Valerie's missing you, damn,
we missing you
(It's been too long and I'm lost without you)

Now Star is mad I won't grant him a interview
Now he's dissin' me 'cause he dissed you
Can you believe the nerve of this dude
'Cause of your memory I won't bring in the pistols
(Wondering if you're the same and who's been with
you)
But he got issues, enough of that lame
I never seen pain like your parents pain
But I know God protecting you
You used to read, ?Seed Of The Soul? I know God

perfecting you (I miss you)
All the estrogen, the darker texture you are the more
intellectual
You are so professional, our little purple star
Too good for earth you are (Now I'm sittin' here)

Houston's missing you, LA's missing you
DC's missing you, Chicago's missing you
(It's been too long and I'm lost without you)
Kidada's missing you, Shock is missing you
Colleen is missing you and Tiny's missing you
(It's been too long and I'm lost without you)

By the way, Big we missing you, Pac we missing you
We feel your presence, just not in the physical
All across the world, blocks is miserable
Y'all left a void, it's a lot of little yous
But they not original and they not identical
(Wondering if you're the same and who's been with
you)
They just studied your flows and they watched your
interviews
I swear to Hip-Hop if it's not ten of you
Then it gotta be more, y'all left your paws (I miss
you)
Footprints on the game, hood ain't been the same
Feelin' ain't been in music, hooks ain't been the same
But I'm doin' what I can, man
And try to follow y'all Memory Lane, man
Big, you be ashamed to see New York gangbang
Pac, you feel the same thing
They use your name in vein
But I guess that's the issue
And it proves how much n****s really miss you (I miss
you)

Pun we missing you, Big L we missing you
Left Eye we missing you, Jay we missing you
{Jam Master Jay, Freaky Tah, Scott La Rock, the list
goes on} Yeah
The world is missing you, the hood is missing you
(Wondering if your the same and who's been with you)
Know what I mean, miss y'all (I miss you)
This goes to the memory of all our fallen soldiers
Soldiers and souljettes all across the world (I miss
you)
We gon' hold y'all down
Y'all livin' in our memories forever
We never gon' let y'all go

(I can't think no more)

We not remembering your death though, we
celebrating
your life
(Since you went away) Know what I mean
(I don't really feel like talkin')
(Don't wanna hear you love me)
(Baby, do you understand me), yes, yes, yes, yes
(I can't do a thing without you) Damn we missing you

(Wondering if you're the same and who's been with
you)
(I miss you)
(Wondering if you're the same and who's been with
you)
(I miss you)
