If you a playa, get it now like a playa
Get it down like a playa, spit a round like a playa
If you a playa, roll an ounce like a playa
Get an ounce like a playa, bounce like a playa
If you a playa, get it now like a playa
Get it down like a playa, spit a round like a playa
If you a playa, get an ounce playa, bounce, playa
Bounce, bounce, bounce

When I step in the club , bitches know my name
I don't do a lot of talkin' bitches know my game
Don't gotta buy a lot of drinks bitches know my aim
Y'all get them whores drunk just to get some brain
When the Rock in the place, they go bezerk
We make 'em bounce till they motherfuckin' shoulders
hurt
Bitches lift up skirts, take off shirts find babysitters
take off work

Lose they jobs, panties, shoes and bras
Niggas mad at us 'cos they lose they wives
I don't step up in the club without a weapon in the club
'Cos niggas get drunk and kick crap up in the club
That's why my tool be cocked, niggas mad
'Cos my shoes be blocked and my jewels be rocked
If you a playa, you wouldn't be in my pocket
If you a playa, you like it, you see it, you cop it

If you a playa, get it now like a playa
Get it down like a playa, spit a round like a playa
If you a playa, roll an ounce like a playa
Get an ounce like a playa, bounce like a playa
If you a playa, get it now like a playa
Get it down like a playa, spit a round like a playa
If you a playa, get an ounce playa, bounce, playa
Bounce, bounce, bounce

If you a playa , you got the three basic niggas
Your trick your lick and your dick niggas
The object never fall in love with 'em
Run to the malls and the clubs for them

If you a playa, then you choose 'em like a playa
Use 'em like a playa ,then you lose em like a playa
I bet I'll still be they favorite bitch

Some bought me ice, some paid for whips
Come on you know the rules in this playa shit
Ain't no such thing as a relationship
If you a playa, get it now like a playa
Get it down like a playa spit a round like a playa
If you a playa, roll an ounce like a playa
Get an ounce like a playa, bounce like a playa
If you a playa, bounce, bounce like a playa nigga,
bounce, bounce

If you a playa, get it now like a playa
Get it down like a playa, spit a round like a playa
If you a playa, roll an ounce like a playa
Get an ounce like a playa, bounce like a playa
If you a playa, get it now like a playa
Get it down like a playa, spit a round like a playa
If you a playa, get an ounce playa, bounce, playa
Bounce, bounce, bounce

Jiggaman ya heard?
If you a playa, will you pull up to the curb
Niggas chicks fly the coupe when you pull up to them
birds
Why the fuck would you bring her
When the rocks on that man got his whole hand lookin
like ET's finger
If you a playa , keep your cars with the year
Your watch game tight your hustle over there
Your house out of sight , your enemies close
And your family tight and never try to make a ho your
housewife

If you a playa, get it now like a playa
Get it down like a playa, spit a round like a playa
If you a playa, roll an ounce like a playa
Get an ounce like a playa, bounce like a playa
If you a playa, get it now like a playa
Get it down like a playa, spit a round like a playa
If you a playa, get an ounce playa, bounce, playa
Bounce, bounce, bounce
