Yo yo yo yo yo yo yo
I like pizza
Wooohooooooooo
Baby eat pizza with me
Then hook up with my friend Lazarro
He's a monkey that can play the tuba
Yeah yeah yeah
Eat some pepperoni pizza
Then lick my shoe's soles

Don't forget to buy me a nightlight
When the sun comes up I need a pillowpet
White boogers eat sugary pizzas
Even during the dark night
Sometimes my puppy foes blind and eats socks
When the earth fades just remember Bobo
He was a clown who ate pickles for money
Too bad he only lived in New York
Sometimes I really could go for pineapples pizza
