Oh yeah, uh oh
Y'all know who it is
(He's back)

If you with me throw the diamond up one time
Ladies, if you with me grind to the base line
Niggas don't be scared to grab her from behind
And make her show out her wild side, sneak out the
back side

What they gone do with me
Got money got broads got a crew with me
Willis bananas clips, I got a slew with me
Get down and lay down and get a shoe with me

Now how the fuck they gone deal with me
I ain't goin' nowhere they got to deal with me
Got the whole BK ready to kill with me
You scared muthafucker, keep it real with me
Keep it real with me

Now what the fuck they gone say to me
Got the clap, ya mean, all day with me
Cut, ya mean, don't play with me
Cut, ya mean, stay with me

Don't lose me, y'all
Please don't confuse me with Dog, I'm different
I brought it back for a livin'
33's O's was on the bitch, back like pippen

3 she could keep for herself and distribute
36 O's in the key you do the addition
Before Mitchell and Ness did it
I was movin' birds like an Orioles fitted
I'm Cal Ripken Jr. let's get it

If you with me throw the diamond up one time
Ladies, if you with it grind to the baseline
Homey, don't be scared to grab it from behind
And make her show out her wild side, poke out her wild
side

If you with me throw the diamond up one time
Ladies, if you with it grind to the baseline
Homey, don't be scared to grab it from behind
And make her show out her wild side, poke out her wild
side

Mommie what they gone say to you
Got your hair did with your favorite shoes
Tell him don't play with you, get him away from you
You need a balla like I, call him like I, see him like naw

Move over, y'all amateurs
No, you not ballin', that's pro am shit
Oh, stop callin' that's ho man shit
Stop fallin' asleep that's old man shit

I stands up in it like a champ up in it
Be up been in it so long , get my calls transferred in it
No more minute man in it, get my sound scared
Be the S with the marketing plans in it

If you with me throw the diamond up one time
Ladies, if you with it grind to the baseline
Homey, don't be scared to grab it from behind
And make her show out her wild side, poke out her wild
side

If you with us throw the diamond up one time
Ladies, if you with it grind to the baseline
Homey, don't be scared to grab it from behind
And make her show out her wild side, poke out her wild
side

What they gone do
Yo got starch in your flow
I flow too many ways
He's got an arch in my flow

All sorts of flow, Rembrandt and Rilkie I am up with the
flow
Even if your filthy got an apartment to flow
Take it lightly, I can darken in the flow
They way I put it together, tear 'em apart with the flow

I'm too smart with the flow
You just started the flow
Stop it youngin'
You 106 and Parki'n the flow

I'm a pro, as you see, I am off the charts with the flow

Actually I'm number one on the charts with the flow
In some places they say that I am God with the flow
Like my office but they are bias to rebark with the flow,
oh no

I am the new spirit I am y'all with the flow
Trouble man dare I say I am more with the flow
I come apart but I evolve with the flow
Crossover, slam dunk, rucker park with the flow, Young

If you with me throw the diamond up one time
Ladies, if you with it grind to the baseline
Homey, don't be scared to grab it from behind
And make her show out her wild side, poke out her wild
side

If you with us throw the diamond up one time
Ladies, if you with it grind to the baseline
Homey, don't be scared to grab it from behind
And make her show out her wild side, poke out her wild
side
