I've been thinking about you, my love
And all the crazy things
That you put me through
Now I'm coming around,
Bringing it back to you
Were you thinking of me
When you kissed him
Could you taste me when you licked his skin
And all the while I showered you
With trust and promises
Now I'm coming back gonna rock your world
Wish I hadn't meet you girl
Let you in, can't let you win
I really wanna hurt you.

Adrienne I should have left you
Long before you used me, used me
Adrienne I should have left you
Long before you used me, used me up
You used me, used me up

Spent my money, drove y car
Always said you wanna be a star
And in my sky all burnt out you are
And I'll have the last laugh,
When I see you walking with some other guy
'Cause I know your gonna end up al alone
Take these words, some good advise
Boys like me don't come around twice
Let you in, can't let you win
I really wanna hurt you.

Adrienne I should have left you
Long before you used me, used me
Adrienne I should have left you
Long before you used me, used me up
You used me up

Coming round gonna rock your world
Wish I hadn't meet you girl
Let you in, can't let you win

I really wanna hurt you.

Adrienne I should have left you
Long before you used me, used me
Adrienne I should have left you
Long before you used me, used me

Adrienne... long before...
Adrienne... Adrienne... Adrienne... oh..
