I want love to carry me through, all of the moments, I'd
kindly undo
Locked away so I can feel safe
Now that I'm down on my knees, begging for change
Look down at the water before I jump in
To find I was sinking fast, in all the might have been

What I need now is an honest answer, to make things
better
You can see now my hands are tied, and I surrender
So I'll wait here for your final answer, yeah your final
answer

Is there love without hate? Is there pleasure without
pain?
I have seen all my mistakes
I cast you out, but now, I want you back
So light me again, 'cause my heart is turning black

What I need now is an honest answer, to make things
better
You can see now my hands are tied, and I surrender
So I'll wait here for your final answer, yeah your final
answer

Remember the night you wore that dress
Well it flowed through out lips drink after drink, and
kiss after kiss
I'm still holding on, day after day, don't run away

I want love to carry me through
Can you tell me what I'm supposed to do?

What I need now is an honest answer, to make things
better
You can see now my hands are tied, and I surrender
Something getting is to bring respect together
So I'll wait here for your final answer, yeah your final
answer
