I hate you, I love you
I just can't remember to forget you
Who are you, who needs you?
You make me feel alive, I die, so high
I'm crawling on the ground

from the album UNKNOWN at LyricsAndSongs.COM

I have found I can fly

One of these days it all comes together
One of those days that goes on forever
Think I sound crazy? Maybe, whatever
What's it all about?

Chorus:

Its about life, it's about fun
Its over before it has begun
Its about you, it's about me
Its about everything between and I say
I'm saying goodbye to you, I say hi to you with no clue
Its about time that I
Make up my mind

Its simple, confusing, the truth is I'm winning but I'm
losing
And pulling and pushing, won't do me any good
It could, it should
I'm honest to myself that the truth is I lied

One of these days it all comes together
One of those days that goes on forever
Think I sound crazy? Maybe, whatever
Whats it all about?

Chorus

Time is creeping behind me, surrounding around me
Fading the words so desperately
Now give me a reason that I can believe in

Time is something you can't rewind
One of these days it all comes together
One of those days that goes on forever
Think I sound crazy? Maybe, whatever
Whats it all about?

Chorus
