Well, I'm alone and feeling lost
If I could only have it all
Then I'd be alright
'Cause I can't see who I really am
Through all the doubt I'm living in
But I'll know it, yeah
Right before I hit the ground

Why am I losing sleep?
Yeah, feeling like I do
Why am I losing you?
And I'm feeling lost

There's a dark cloud over me
And I can't shake it off, I can't
Make a move 'til I save myself
Thoughts keep spinning through my head
All the times that we never did
What we wanted to, yeah
But right before I hit the ground
It's just like a dream

Why am I losing sleep?
Yeah, feeling like I do
Why am I losing you?
And I'm feeling lost

The distance grows, I'm sinking down
What I've lost, it can't be found
Although I try, can't find my way
Nothing's falling into place
Oh, no, no
And I'm feeling lost
And I feel, I feel
It's just like a dream

Why am I losing sleep?
Yeah, feeling like I do
Why am I losing you?
I'm lost, I'm lost, I'm lost

Why am I losing sleep?

Yeah, feeling like I do
Why am I losing you?
And I'm feeling lost
