It was a day just like this  
In a life of our times  
Shruggin' signs there's no chance for us  
It's not mine to decide

You never listened to what I said  
You never thought I'd succeed, well  
And though I've given you all I can  
You show no faith in me

And I remember and I recall  
And I can see that nothing's changed at all  
Though we falter, we don't have to fall  
And I can see that nothing's changed at all

Even when I was young, oh  
And the pressure was on, yeah  
You always told me to do my thing  
So what the hell went wrong

And I remember and I recall  
And I can see that nothing's changed at all  
Yeah though we falter, we don't have to fall  
And I can see that nothing's changed at all

An outcast comin' home, opinions stay the same  
They'll spit them out and spin me right back through  
the door  
The louder that we scream, the more invisible we seem  
Is it gonna last forever, yeah?

You don't have to fall  
You can change at all  
Is it gonna last forever, forever?

Now, now I'm learning the lies, oh  
From the skies where they reign  
Can't find shelter for myself  
And you're all to blame

And I remember and I recall  
And I can see that nothing's changed at all

Yeah though we falter, we don't have to fall  
And I can see that nothing's changed at all

And I remember and I recall  
And I can see that nothing's changed at all  
Yeah though we falter, we don't have to fall  
And I can see that nothing's changed at all

And I remember and I recall  
And I can see that nothing's changed at all  
Yeah though we falter
